CLUB HEALTH 2011 PRAGUE

The 7th International Conference on Nightlife,
Substance Use and Related Health Issues

Prague, Czech Republic / 12 – 14 December 2011

Welcome to Club Health 2011

Club Health 2011 will be held in Prague, Czech Republic - one of the world's leading international nightlife destinations. This exciting event will bring together experts from a wide range of fields to exchange information on the latest research, policy and practice on protecting and promoting health in nightlife settings.

Conference programme

The objectives of the conference include:

- To develop understanding of the impacts of nightlife activity and the necessity for creating and maintaining safe nightlife environments
- To facilitate the implementation of effective, evidence based policies and approaches in nightlife environments
- To improve knowledge about how nightlife behaviours and environments can be managed effectively
- To promote multi-agency partnership working and networking at a local, national and international level

The key themes for Club Health 2011 include:

- Nightlife legislation and policy
- Health and safety standards for night-time environments
- Alcohol and recreational drug use
- Violence in nightlife settings
- Training of staff, peers and others in nightlife venues
- Sexual health
- Health interventions in nightlife settings
- Design and management of nightlife environments
- Policing
- International nightlife tourism
- Emerging trends in club culture
- The influence of the media on nightlife behaviours
